THE GREEN QUARTER IN THE COMMUNITY

The first meeting of the CESG

We are delighted to introduce our new Community Engagement Steering Group (CESG). The purpose of the group is to strengthen relationships with the local community and work collaboratively to ensure The Green Quarter delivers for local people. The CESG is made up of representatives from the local community including business owners, residents, and community organisations.

The group will advise on community activities, events, partnerships, and projects. It will also be responsible for managing the Community Chest Programme which will help to give grants to worthwhile causes.

COMMUNITY SURVEY: THE RESULTS ARE IN

At the end of 2022, we embarked on a two-month consultation programme to learn more about how people feel about living and working in Southall. The report outlined that local people are supportive of the housing provision increasing, but also revealed some of their concerns for Southall.

Giving back to the community

COMMUNITY CHEST PROGRAMME

We recently launched The Green Quarter Community Chest programme through the SpaceHive platform. We aim to support community groups delivering positive outcomes within close proximity of our site, which is in line with Our Vision 2030 commitments. Projects will be evaluated against certain criteria, and groups can apply for up to £5,000 per annum. For more information, please visit our website.

OUT AND ABOUT IN SOUTHALL

KING'S CORONATION CELEBRATION

All smiles despite the rain

Fun and Games

The community out in force for the King's Coronation

In spite of the rain, we had ourselves a Right Royal Knees Up to celebrate The King's Coronation. We'd love to thank each and everyone of you who showed up to watch this momentous occasion. The event, which was attended by over 150 people, featured games, music, face painting and a food & beverage offering.

SCHOOL AND COMMUNITY ENGAGEMENT

The Queen's Green Canopy

We were delighted to welcome 60 students from Blair Peach Primary School to help plant a tree in The Central Gardens, as part of The Queen's Green Canopy initiative. The students took part in a tree themed quiz and learnt several useful eco-facts.

A memorial plaque was also unveiled to serve as a lasting tribute to Her Majesty's extraordinary service to her country and her people.

Business Ambassadors

We participated in mock interview sessions held at Villiers High School in conjunction with Ealing Connexions. We worked with Year 11 students to prepare them for the world of work and further studies.

We also took part in two Business Ambassador sessions at Featherstone High School. Members of the project office team discussed their day-to-day activities, what working in the built environment looks like, and held a Q&A session with students about the complexities of the regeneration work being undertaken at The Green Quarter. We also talked about our pledge as a business to tackle climate change.

National Apprenticeship Week

For National Apprenticeship week, we took part in a careers fair organised by Ealing Council. During the event, we spoke with students from Featherstone High School about their career aspirations. From this, we interviewed two candidates – Isa and Ismaeel – who were successfully offered work placements here at The Green Quarter.

Al-nadeem's Inspiring Story

Scan the QR code below to hear all about Al-nadeem's inspiring journey as a Civil Engineering Apprentice. Al-nadeem was referred to us by Work Ealing, the employment hub created by Ealing Council.

IN THE COMMUNITY

OPEN DOORS 2023

Attendees at Open Doors 2023 with a member of our team

We were once again delighted to welcome the community to see behind the scenes at The Green Quarter for the annual Open Doors event.

This was an opportunity for the community to come and visit the development and get a behind-the-scenes look at the inner workings of a construction site. It also gave us a chance to introduce locals to our wonderful team, share our long term vision for Southall and show residents our future plans for The Green Quarter.

Presenting to the Community

INTRODUCING PARKSIDE YARDS

You may have seen some exciting progress over the past few weeks as we get set to open Parkside Yards.

Parkside Yards is set to become a vibrant new destination, combining creativity, community and nature at The Green Quarter. With an outdoor piazza at its heart, Parkside Yards will feature a creative arts hub, ceramics studio, community centre, café and shops, offering opportunities to eat, meet, drink, work, play and shop, in green surroundings. This exciting new destination will add to the expanding parkland with a pioneering tree nursery featuring over 600 air potted trees, a woodland trail and a relaxing meadow walk with picnic benches and children's play areas.

Parkside Yards will be launching Saturday 24th June, for more details visit parksideyards.com
